SOARING SUPPORTERS

Are you a forward-thinking company operating in the realm of cybersecurity, eager to forge meaningful connections with the Aviation ISAC Membership?

Program Benefits

Exclusive Discount Offering to Membership

Ability to offer an exclusive discount or product trial to the Aviation ISAC membership that will be spotlighted on the A-ISAC website and in one monthly newsletter to members.

Community Call or Webinar

Present a case study on one of the monthly Aviation ISAC Community Calls or host a webinar that is promoted to our membership.

Summit Sponsorship Benefits

10% discount on any Summit sponsorship opportunity.

One comped pass to the annual summit and 20% discount on additional passes.

Case Study Promotion

Case Study of the Soaring Supporter's choosing placed on the Aviation ISAC website as a blog and promoted on social media.

Weekly Aviation Memo Subscription

Exclusive non-member access to the Weekly Aviation Memos for five members of the Soaring Supporter's team.

Community Call Participation

Invitation to join over 300 aviation cybersecurity members, government representatives, and industry experts on the monthly Aviation ISAC Community Call.
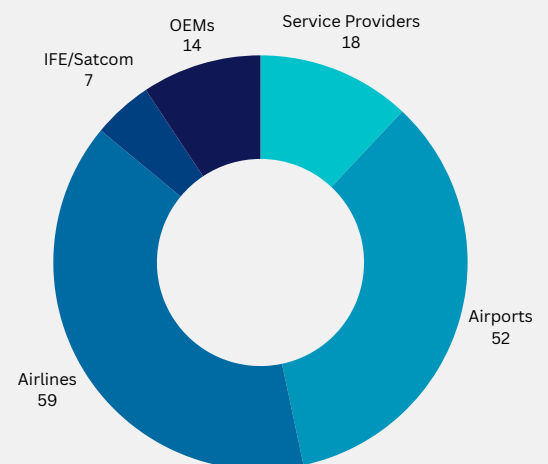

Meet Aviation ISAC

Founded in 2014, Aviation ISAC comprises an international community of airlines, airports, IFE/Satcom, OEMs, and aviation service providers.

We are at the center of aviation cybersecurity intelligence developing a collective knowledge base and building partnerships that help us steward a more resilient global air transport network.

Our staff and member companies collaborate in real time to prevent, detect, respond to, and remediate cyber risk through threat intelligence sharing and best practices.

Membership

OEMs 14
Service Providers 18
